from the heart

FREE DENTAL CARE

Our owner dentists, Dr. Long Huynh and Dr. Mai Huynh-Le, have a heart; a heart for their patients, their staff and their community they call home. **Not only do they empower employees with leadership meetings, trainings and the like, they empower those around them who desperately need dental care but can't afford it, through events like this.**

For the past three years, our practice has opened its doors to anyone 18 or older in the community in need of an extraction, a filling or teeth cleaning. **We are anticipating serving about 300 people**

at the event on May 20th and need 100 volunteers to make this happen.

The undertaking is much bigger than the means of one practice, so dentists, hygienists, dental assistants and everyday people from as far away as Tampa donate their time and talents. It takes a lot of effort and people to put on an event like this so the call is going out to dental professionals who can donate any

amount of time to this year's event. However, the call for help doesn't stop there.

We are still looking for volunteers and sponsors ranging from donating food, drinks and monetary contributions to helping take care of those Waiting. A band will be on site for entertainment to make the event more fun and

festive. Some even set up booths the day of the event. We look forward to seeing you there!

Tuesday: 8am – 4pm
Friday: 9am – 7pm
Saturday: 9am – 3pm

Dr. Long Huynh

Dr. Long Huynh, owner of Park Family and Cosmetic Dentistry in Naples, is one of those people who make you feel like you matter. He is a good listener, has a gentle spirit and makes you feel safe, an important feeling to have if you are embarking on any kind of advanced dental treatments.

The doctor calls himself a product of the Vietnam War. His father, a soldier for the south, was imprisoned after the war, making times tough—to say the least—for his family. In 1991 they took advantage of a U.S. program to help families like Huynh's and moved to Atlanta. He says, *"I was so grateful because they had this program for immigrants and helped with the language and employment."*

Originally intending to go to medical school, he changed his focus to dentistry when he met his future wife and business partner Dr. Huynh-Le; her background is almost a mirror image of his. He says, *"I actually look back at my career and it was best decision I could've made to be a dentist."*

After relocating to Naples, Dr. Huynh decided to take on the arduous process of attaining an American Academy of Cosmetic Dentistry accreditation. It's a designation that sets the standard for excellence in cosmetic dentistry and one that no dentist in Southwest Florida had achieved. In fact,

less than 450 dentists in the nation have successfully passed the rigorous course work, and exams—both written and practical. And while it typically takes five years to complete, Dr. Huynh made it happen in 3 ½ years.

Not one to rest on his laurels, the dentist is going back for another accreditation, this time in dental implants. Dr. Huynh says, *"I constantly try to improve myself. I want to set a good example for my associate dentists but the bigger purpose is to do what is best for the patients."*

While he has put thousands of hours into learning and honing his craft, the compassionate dentist also puts hours into being a better leader. He explains, *"I used to have 3 employees, now there are 35 families we are responsible for in my office."* He continues, *"My employees know I'm not a boss. We are leaders who add value to one another."*

Dr. Huynh adds value in many ways, including personal growth. He has leadership meetings every week, gives his staff books to read and tools to advance their skills. He says, *"It's a mission to make this the best place for an employee to work, to improve their lives, and a lot of patients feel it from the time they enter the door. It's quite fun, we are excited about it."*

Our Charity Committee comes anyone who would like to participate in any of our events!

Even if you can't physically be there we welcome monetary donations as well!

Here are some of our upcoming events:

14th - Relay For Life

28th - March of Dimes March for Babies

12th - Dentistry From the Heart

7 Dentistry of the Heart

We're excited to make a difference in the community!

"I'm not afraid of the dentist anymore!"

Everyone in this office couldn't be any more professional. I am one who has been scared going to the dentist. I hate needles. Dr. Long was very patient with me. He took his time with me, explaining every step. Dr. Long is the best! I'm not afraid of the dentist anymore. THANK YOU! BEST!"

~Ramona M.

February 17: A Night Full of Stars

Our Team Appreciation Night did not disappoint! Our big winners Kim Plommer, RDH, Ana Perez, CDA, Terrie Kleinberger, Hygiene Coordinator/Event Coordinator and Dr. William Campbell were awarded a combined \$7,700 for their dedication to excellence! EVERY Team Member left with a cash award for continuing to serve our patients with the highest care and finesse. In addition to recognition and appreciation, our evening included fine dining, performances by Katie Huynh and Dawson Huynh, as well as dancing and Team Bonding.

Every year Drs. Long and Huynh-Le provide this beautiful evening to show their appreciation for the now 40 Team Members of PFCDD. As employers, they recognize the importance of acknowledging the hard work, dedication and sacrifices made by the team to ensure our patients are well taken care of and that the culture of PFCDD is preserved. We can't wait until next year!

Schedule Your Oral Cancer Screening Now!

It's fast, painless, affordable, and could be life saving!

One way to **protect yourself against oral cancer** is to have us perform your routine "oral cancer screening" using our **state-of-the-art technology!** That's why we're encouraging you and your family to schedule an appointment with us today.

Fortunately, most often results are negative, in which case you'll have the *peace of mind* you deserve.

Remember, Even Non-Smokers Are At Risk!

The cancer can go unnoticed, early on. You may notice a slight lump or sore and not think anything of it...until it's too late. Don't take that chance. **Early detection and treatment** of oral cancer are critical in beating this potentially deadly disease.

Your comprehensive dental exam is more than just detecting decay and gum disease. We keep our eyes peeled for potentially serious issues that impact your *oral health* and *overall health!* **Make your appointment TODAY!**

Yours for Dental Health,

Mai Huynh-Le, DMD Long Huynh D.M.D.
