# Bowl Foh of Love

**With the Holidays in full swing there is so much to be thankful for!**

We recently had the opportunity to celebrate our wonderful bosses and a HUGE accomplishment! After years of hardwork, dedication and sacrificing in their personal life Dr. Huynh-Le and Dr. Long were able to invite us into their HOME for Pho!

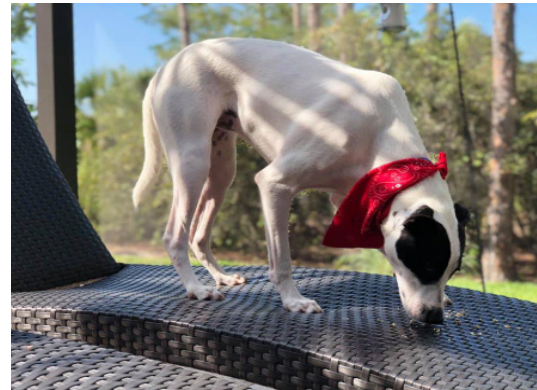

We were so blessed to be a part of this amazing celebration of two, more than deserving, individuals that we're lucky enough to call our bosses. They provided laughter, cheer, ping pong, and an assortment of meats for Pho. Not only did we enjoy eachothers company but we also enjoyed the beautiful outdoor space that Dr. Long took the time to completely create

himself! (You know he does our office garden as well!)

We closed the afternoon with homemade cookies by their daughter Katie, tricks by Echo the pup, and full bellies by Dr. Huynh-Le!

**We hope you all are enjoying this special season with loved ones!**

# Experience The Park Family Difference

Living Local

Patients and employees benefit equally on a daily basis at Naples practice. How many businesses clearly define their mission statement? And how many of them actually live by it on a daily basis? Those are two very separate questions that can make all the difference in the world. One area dental practice, Park Family & Cosmetic Dentistry, is making an amazing difference in the lives of both their patients and employees. They are committed to guiding all parties through the dental journey in a family-like, nurturing environment using the latest most advanced dental technology. And they're not just talking about it – they're living by it! "In general we think about others more than ourselves," explains practice administrator JoAnn

Toppin. "We have a servant mentality which provides the most positive environment and care to our family of patients. We strive to anticipate our patients needs to help provide the five star care that each one of them deserves. That process starts as soon as they walk through our front door." According to JoAnn, when a patient comes to the practice they are treated as a top priority, with the goal of making them feel as comfortable as possible. Considering the higher level of anxiety and uneasiness when it comes to visiting their dentist, that could be a daunting task. But the team at Park Family & Cosmetic Dentistry understands this, and they are not deterred. Immigrating from Vietnam and opening their practice based on the core values of service, love,

integrity, commitment, & pride, husband and wife team, Dr. Long and Dr. Huynh-Le are constantly making sure that the focus stays on their mission. "We live by the motto, 'nothing is impossible to a willing heart,'" Dr. Huynh-Le states. "We aim to create the most pleasant dental experience for our patients as well as for our team members. Our patients value our high quality of dental care and that makes us stand out from the crowd. Ultimately, we want everyone to enjoy the journey and become apart of our family!"

## Thankful FOR REVIEWS LIKE THESE!

Great Office from the moment you walk in and are greeted with a friendly smile which ensues to the grand tour of a state of the art facility.

I had been going to another dentist for 20 years, and after they switched their receptionist to a "Not so friendly" person, I can personally attest the importance of the entire staff being customer/patient service focused.

Laura Lee personally got me an appointment within 3 days and provided this guy "Who Hates the Dentist" with comforting friendly service. Her persistence and advice brought me Park Central. At the end of the day, I walked out with a great smile and didn't feel a thing. Was the most pleasant dental visit I have ever had. Want to be treated like family and with respect? Don't hesitate to book your appointment with PFCDD You will be happy you did.

Thank You Everyone There!
