As we quickly approach our 10 year Anniversary of our family practice in Naples we find ourselves overcome with gratitude. Each year marked with its shortcomings that lead to growths, stumbles that lead to leaps and struggles that lead to redemptions. Our tremendous growth and reach throughout our community in the past ten years leaves us in awe. Not only have we had the opportunity of the growth of our family at home, but also the growth of our team family at the practice along with our patient family.

We want each and everyone of you to know our love follows you even after you leave the practice. With that being said we want to celebrate your support and loyalty to our practice with a Patient Appreciation Day & 10 Year Ribbon Cutting Ceremony, so mark your calendars for April 4th!

With a heart & practice full of Love,

*Dr. Mai Huynh-Le & Dr. Long Huynh*

## Team Appreciation Night

On Saturday we all gathered together to celebrate for our annual Staff Appreciation Night. We celebrated the unified office that comes together to serve you at Park Family & Cosmetic Dentistry each day. We all sat down and exchanged laughter over

delicious hor d'oeuvres as the night began. We cherished

memories divulging in videos and photographs looking back at 10 years of business here in the Naples community. The night was filled with love, laughter, musical talents and creative words. Dr. Huynh-Le and Dr. Long awarded staff in recognition of hard work and dedication to our company and

our core values. We dove into memories and even shared tears of gratitude for each other and for the sacrifices

that we make each day in and outside of the office. Our love for our patients is the reason that we give so freely of ourselves each day. Our patients are the core of what holds Park Family & Cosmetic Dentistry together and we cannot thank you enough for continuing to trust in us for your dental care. Here is a poem written by Katie, PF-CD's official spokesperson, that we want to share with you from that night.

Starting in 2009,  
When PFCD began,  
My mom had no vision of the future,  
And no master plan.

We started with only 5,  
Now look around  
At all these new faces,  
There are too many to count!

Little by little,  
We would improve and expand.  
Every single person  
Lent a helping hand.

One team member at a time,  
We pour our heart out to train.  
Some last, some don't,  
But together, we CAN!

To grow or to die;  
We choose to grow.  
From 6 operatories to 18, and  
from 670 to 696 Goodlette  
Frank,  
We have got a lot to show!

One patient at a time,  
We build our reputation.  
Word of mouth, reviews, and a  
grand marketing plan  
To become the best in the re-  
gion.

"Why do all this?" One might

The simple answer is "Why not?"

There is so much potential in all of us.

Living up to our ability...well,  
that's not a lot.

We celebrate the office's 10-year anniversary

On this joyous occasion.  
Let's raise our glass to acknowl-  
edge the past  
Of wonder and creation.

Confidently marching into the future,

While savoring the present,  
We live and laugh with one an-  
other,

Because this moment, we can-  
not reinvent.

We strive to make each patient smile,

And make everyone's day.  
"Change your smile, change  
your life",

That's what we always say.

# It's Pet Dental Health Month!

If you don't think your pet's dental health is that important, consider these facts!  
80% of dogs and 70% of cats will develop some form of oral disease by the age of three! That's straight from the American Veterinary Dental Society (AVDS). We want to ensure not only our patients, but your furry loved ones have

the best dental care possible! That is why the rest of the month of February we will be handing out treats for your dogs (big or small) at check-out!

If you don't have an appointment scheduled for this month give us a call today!  
(239)-330-1138

Many people dread going to see their dentist, but I do not, since it's an experience. From the moment I walk in the door, I am greeted with a warm smile and hello. The lobby is well appointed but still has an inviting and comfortable feeling. It even has a snack bar and refrigerator/freezer filled with healthy snacks, bottled water, and frozen pops.

I'm called to the back by Kim, the most amazing dental Hygienist I know. She helps keep my teeth and gums clean and healthy. Also, she looks inside my mouth to make sure my teeth are growing properly, and my gums are healthy.

I sit in the chair while resting my head on the headrest and have lots of room to stretch out my legs. I turn on the heated and vibrating mechanism, put my sunglasses on to cover my eyes and relax so I can begin my cleaning journey with Kim. She cleans and polishes my teeth, using a tooth scraper, mirror, and special toothbrush. The tooth scraper removes plaque from my teeth. When Kim is done working on my teeth, they feel fresh, clean and smooth.

I highly recommend Kim and Park Family & Cosmetic Dentistry to everyone.
