Can we even say enough to thank the loyal patients and community of Naples for 10 years of support of PFCDD? Well we decided instead of trying to summarize our gratitude that we

each could write a special note to let you know what having you as a patient of our practice to us.

My heart is full with gratitude for the many incredible patients who have supported PFCDD over the years. Your unwavering loyalty, kindness and generosity has inspired us to be who we are today. Thank you for always believing in us! Cheers to another 10 years!

10 YEARS

I have not worked here long, but so far I am shocked daily by how wonderfully everyone, both patients and employees, are treated in this office. There is a genuine compassion I have not experienced before and it makes for happy patients at my check out who I love getting to interact with.

I came to this practice 6+ years ago. Through the contact that I have had with Dr. Huynh-Le, Dr. Long, our Patients and the PFCD Team, I have grown tremendously, not just on a professional level but on a personal level. I cannot begin to express the gratitude I feel for not only our PFCD patients but for the PFCD team.

Thanks to all of them, I love the person I have grown into. Life is awesome! Thank you all!

Terrie

In my years with PFCD, I have witnessed Dr. Huynh-Le and Dr.

Long strive to provide the best healthcare environment for their patients. From skilled dental providers, state

of the art equipment, building and office upgrades, and not to forget the investment of hundreds of thousands of dollars in team development. PFCD truly exudes a patient centric philosophy.

It is rare to find, let alone, be part of a team that takes such pride in patient care as well as the growth of its individual team members. As a dental care provider at PFCD, I want to thank the team at PFCD as well as the patients who put their trust in us. Our hardwork is validated by almost 500 5-star google reviews and countless accolades from the community due to PFCD's participation in charities and programs such as Dentistry From The Heart, Relay For Life, etc...

I value the time spent with each of you (patients and team members) and look forward to many more years to come. To continued success!

Most appreciative, Dr. Campbell

I am very grateful for Dr. Huynh-Le and Dr. Long for everything they have built here for us. I appreciate their vision and dedication. They have made this practice such a satisfying and positive place to come serve everyday! I would also like to thank our wonderful patients for joining us in this journey, without you we wouldn't be here!

Heather

I am grateful for the patients' lives I get to watch change with the dental work done at PFCD. Telling your stories of changing your smiles, changes my life.

To work as your treatment coordinator has been a true blessing. You make a difference in my day to day by entrusting us to change your life. Thank you.

Sherry

The first time I walked into PFCD, I was a patient. What I remember most is how I was treated: like I was a member of the family. The incredible kindness I was shown as well as the comfortable and meticulous dentistry was something I had not experienced before and it had made a lasting impression on me. To now be part of this team is something of a dream come true. I feel we are not just an ordinary team but an extraordinary

team with amazing and unique talents. I feel privileged to work with such dedicated people who truly have hearts of gold. I learn from everyone each and everyday. I feel so grateful for our amazing patients and for the wonderful relationships I have

formed with them. To serve others is really what it's all about and it is what our purpose is. There is nothing more fulfilling in this life than to serve!

Dear Patients: First of all, THANK YOU! Dentistry is a personalized service; a good rapport between dentist and patient is of vital importance. Establishing trust between us is my number one goal when meeting

each of you for the first time. I would like to express my sincerest appreciation for trusting me to be your provider. More importantly, we at PFCD enjoy having you as part of our family.

Sherry, Miranda, and I hope your experience with us has surpassed your expectations and that you have been pleased with our service. Most of all, we appreciate the confidence you've shown in selecting us to provide all of your dental care. We will continue our commitment on building a stronger relationship between us and providing the highest quality of care.

Thank you for choosing us. It has been our pleasure to serve you and your family. I would like to take this opportunity as well to thank my team. Sherry and Miranda are the backbone of our Periodontics practice; they are patient focused with constant demonstration of passion and purpose. Thank you! To the rest of the PFCD family, thank you for trusting and referring me your beloved patients. Please enjoy with your family this great day to appreciate you!

Sincerely,
Miguel A. Jusino Perez, DMD, MS

Dear Patient,
On behalf of Park Family and Cosmetic Dentistry, I take the privilege of thanking you for showing consistent confidence in our dental services. I would like to thank you for continuously selecting our regular general practice services as well as our endodontic specialty group.

You are a truly loyal and valued patient of our practice and it has always been a pleasure to serve you and your family. Your feedback and encouragement which has been provided by you has greatly helped us in gaining in popularity and striving to be better. We have also been able to improve the quality of our services. I take pride in letting you know that a significant amount of our business comes from referrals like yours. The efforts of our sales team have been made easy because of patients like you. Since our endodontic services depend highly on "word of mouth" advertising, your oral health is even more important to us. That is dental humor. Your trust in us is very much appreciated, and we sincerely acknowledge your faithfulness. And that is no joke. We hope to see you again in the endodontic clinic...but only to come by to say, "Hello!" Keep brushing,

To begin bringing gratitude into your life, you can deliberately meditate on all the things in your own life that help you or give you pleasure.

Park Family & Cosmetic Dentistry is just that, "family." PFCD is the most giving and loving place! So much is put back into the practice and staff and the way we all work together is so unified; it is like a finely tuned symphony.

To the patients: So much pleasure is given to me by our patients. The satisfaction of being able to help someone gives me so much happiness, whether it is taking a patient on a tour of the office or just listening to their needs. The patients are the foundation and are of such importance to us we treat them with the same kindness and love as we treat each other as a whole.

After working at a variety of dental offices throughout my 21 years of my dental career, I find PFCD to be the utmost gratifying and honest place. I wish I would have found them sooner.

Dawn

Dear Patients, Friends, Neighbors, First, I would like to start by saying thank you for coming out to our 10 year anniversary event. It means so much to all of us that you are here to support us, as we continue to grow and aim to provide exceptional dental services in many years to come. Our success could not have been accomplished without our amazing staff and you, our exceptional patients.

Yes, That's You!

As you are reading this, I'd like to personally thank you for choosing me (if you are one of my patients) and our practice (if you are a patient of a different provider) to provide you the highest quality dentistry here in Naples. My main assistants Jennifer, Nancy and myself love seeing you, sharing personal stories with you, and guiding you through your dental journey. We are truly devoted to working with you to achieve your desired dental outcome. Lastly,

we hope you and your family had a great time today. Our goal was to celebrate you! We truly appreciate you and look forward to serving you and your family for many years to come.

44 years ago this April, the Viet Nam War ended. I was just a few weeks old and my husband was a toddler who were lucky enough to not remember much of the devastation and hopelessness our families had to endure. Our fathers were placed in concentration camp for 9 and 6 years respectively, and our amazing mothers singlehandedly raised the children during this time.

Our parents made the sacrifices so that we could flourish today. We are eternally grateful for the opportunity that they gave us. We are also personally indebted to the generosity of America for being our adopted homeland and welcoming us with open arms when we were penniless and country-less. Now we do all we can to reciprocate what America has generously offered and not only repay the debt, but also pay it forward.

The last 10 years my husband and I have painstakingly built Park Family & Cosmetic Dentistry brand. We've made a lot of progress as well as a lot of failure, and there are still much to be done. YOU chose to be our patient, remain our patient, and send your family and friends is the reason we keep innovating to be the best dental practice in Naples and ultimately the world.

On behalf of our team here at PFC D we would like to say THANK YOU for your love, support, and encouragement. We appreciate you for believing in our value and mission, and we will do our best to live up to our good name. With much love and gratitude,
