We're so excited to announce that Park Family & Cosmetic Dentistry will host our 6th annual Dentistry From the Heart event on Saturday, November 9th! This is a day of free dental care for more than 300 residents in our community.

As a growing number of Americans lack dental insurance within our community, we felt this is a great way to give back! Over the past 5 years Park Family & Cosmetic Dentistry has had over 422 volunteers serving a total of 1,114 patients. This totals to over \$375,000 of free dental care services.

We have had an overwhelming response of volunteers for our 2019 event! Due to this response we are asking for those that are interested in helping to donate the following items to our biggest charity event of the year! We are seeking paper products, bottled water, snack bars and monetary donations.

We will be collecting these items in our reception area and are grateful for whatever donations are personally possible. No item is too small!

We thank you for your generous hearts & for making this possible over the past 6 years!

With Love,

Dr. Mai Huynh-Le & Dr. Long Huynh

A Harvest Moon

A full moon, a night full of laughter, and an event filled with family-fun games.

Our September 13th Family Fun Night celebration is one we will all remember. Luminaries filled the practice walkways, lanterns and balloons illuminated our tables and the moon lit up the sky offering the team a magical night. We began the night with homemade Pho served personally by Dr. Huynh-Le. Beginning with such a heartwarming (and belly warming) meal gave us the perfect leeway into our mini games. Planning out several games for the

kiddos we started with

make it down the hallway with your bum on the small bath rugs with no help from your hands, we even had Heather one of our Hygienists

join the kids! At the end of the game we rewarded Rita's gift cards to the fastest scooters! To end the night we headed back upstairs

for cupcakes, almond cookies, and bundt cakes galore! We were completely stuffed as we all waddled out but were able to admire the beautiful harvest moon to mark the start of fall!

Tooth Booth

My husband had a toothache on a Friday night. I called our local dentist and got the answering service. It needed to be attended to immediately since we were leaving the country for an extended period. Both partners called early on Saturday morning and apologized that they could not help since their office and equipment was being extensively remodeled and they and all of their staff were on vacation. I called a couple of friends and neighbors and one recommended Park Dentistry. We went on line and found that the practice was open on Saturday.

We emailed and texted Park and got a phone call from Dr. Long, one of the managing partners, and another from Michelle, who runs the desk. We got an appointment and on arrival were immediately given a brief tour by Penney, offered refreshments, and brought us to the treatment room. There We completed the brief paperwork. Jennifer Emerson, the Dental Assistant was just great. She made sure my husband was comfortable and explained everything. She did the x-rays and photo, again offered me a bottle of water or show me the location of the restroom. Dr. Ana Scopu was wonderful. She examined me, found the problem, explained the options, and expertly took care of me. Dr. Scopu did a fantastic job. Both my husband and I would highly recommend this dental practice.

Dr. E & S. Thompson

Dr. Campbell and Mariam are fantastic. Very compassionate and caring practice. The dentist really cares for his patients. Very gentle, friendly and empathetic. Would also like to give a shout out to other staff members- Carlos, Roberta and Miranda were very caring and genuinely concerned about my painful filling/root canal. Lastly, Dr. Kan has been excellent on both occasions with 2 root canals. Very professional and caring dentist office. Highly recommend! 5 stars....shout out to Park Family!
