

Team Member Spotlight CONT...

the generosity of Drs. Long & Huynh-Le is just so overwhelming. And the leadership we have is just phenomenal.

Service, Love, Integrity, Pride and Commitment are PFC's Core Values. Which is your favorite Value of the 5 and why?

Love. Love because it's the root of everything. If you have Love then you have the rest. Everything else falls in place.

What sound or noise makes your heart sing?

The sound of the drill. It makes my heart sing. I love dentistry!

What food or dish makes your belly happy?

It's that round thing with the meat on top of it. It's Mexican Sopas. It's delicious.

What is your favorite thing to do when you're not working?

I enjoy spending time with my husband, that's number one. I enjoy my devotional time and taking walks in nature.

In an alternate universe, if you hadn't become a Recare Coordinator, what career would you have chosen?

I probably would have chosen something in ministry because I love helping people and I love loving on people.

Tooth Booth Reviews!

"Best dentist in town. The atmosphere is soothing as soon as you walk in and all the staff are super friendly and attentive. You are well taken care of at Park family dentist." – **Shoshana Y.**

"My husband and I are patients at Park Family and Cosmetic Dentistry for several years and have been very satisfied with their services. My dentist is Dr. Scopu and she is excellent. Recently I needed the services of Dr Kan for root canal treatments and she was also wonderful. My husband sees Dr. Campbell and likes him very much. All the staff are knowledgeable and courteous each time we are there from Hygienist Victoria to dental assistants and receptionists. Also want to mention the Insurance staff, Linda in particular, has been very helpful in negotiating our claims." – **Donna F.**

DR. LONG'S 50TH BIRTHDAY CELEBRATION

Dr. Long was excited to hit this milestone birthday so we celebrated in true PFC style with family, friends and Team Members! Sushi Thai catered this event complete with a beautiful sushi boat, chicken satay, shrimp tempura, spring rolls, rice, chicken teriyaki, and vegetables and the guests savored every last bit of the delicious food! Cupcakes were served to satisfy those sweet cravings and what 50th birthday bash would be complete without wine and beer to wet the palate? Dr. Long's children paid tribute to their dad; each in their own special way. Katie performed a beautiful violin piece, Daniel a moving and always funny speech, and Dawson performed a challenging clarinet piece with ease! At the end of the night everyone raised their glasses of champagne to toast the man of the hour! Here's to 50 more amazing years!

It's a
Girl

Welcome Baby Sofia!

Baby Sofia, our newest member of the PFCF Family joined us on March 6! Before Sofia made her grand appearance, the PFCF Family threw a baby shower allowing her 45 honorary Aunts and Uncles to spoil her even before she arrived! Our hearts are filled with love for this bundle of joy and the beautiful family which brought her into this world. We can't wait to see the amazing person you will become!

Family Fun Day

It has been so long since we have been able to get outside and be together so we made it happen on May 1st at Baker Park! Bring the kids! Bring the dogs! Bring the food! Bring the LASER TAG!

What a hit as the kids (both young and old) rolled around, hid, ambushed and laughed as the lasers were flying! Some of our smaller Family Members were able to fit perfectly into the nooks and crannies of the inflatable bunkers. Some grandmothers played like they were Rambo while everyone on the sidelines enjoyed watching it all play out!

While we had access to the entire front lawn for laser tag, other Family Members enjoyed the playground, splash pad or other park amenities. Chik Fil A catered our Family Fun Day and there were plenty of sandwiches, fruit, chips, parfaits and drinks.

As always, it's so wonderful to see our little kiddos and how much they grow every time we get together! New friendships are formed, memories are made and our bond as a Family deepens. This is one of our favorite days as an office and we are excited for our next one!

Team Member Spotlight

Meet JoJo!

JoJo is one of our Recare Coordinators who is constantly adding value to our patients' lives! By calling and following up on your care, she makes sure your needs have been taken care of and that you are on track for dental success!

How did you come to work for PFCF?

I applied online and was interviewed by JoAnn on the phone and connected with her immediately. And when I came in for a face to face interview, I fell in love with the building! I thought this would be a great opportunity for me. I'm so glad she did select me to be part of the Team. It has been a great experience learning things that I thought I knew in dentistry and it has expanded my knowledge. I'm very thankful.

What's your secret for keeping patients happy?

The secret to keeping patients happy is what we call being patient centric. It's trying to meet the needs of the patient before they know it, always having a smile and being optimistic.

So you have almost answered the next questions of "What does 'Patient Centric' mean to you?" How do you live it out daily at PFCF?

I live out patient centric daily by putting the patient first. If that means staying over into my lunch hour; if that means that I've clocked out and the patient has a question, I don't say, "I'm off the clock" and walk away, I try to service the patient to the best of my abilities.

What is your favorite thing about working for PFCF?

I don't have just one favorite thing. I enjoy my co-workers and
