

# Charity Corner!

Thank you to everyone who contributed to the Marc Newberry "Do The Right Thing" Scholarship! Our Charity Committee was able to raise and match all donations for a total of \$1,240.00! Our hearts are grateful as we know this money will help a high school senior with their college expenses, all for doing the right thing!

"Christmas in July" for Youth Haven was a hit! PFCD provided cupcakes and gifts for the children to enjoy as well as umbrellas as several of the kiddos requested them! Thank you to all our patients who contributed toward helping 67 children have a celebration to remember!

In September, PFCD worked with Youth Haven again and donated backpacks filled with decorations for the child's own birthday party when their special day rolls around! Complete with a \$25 gift card to Publix to buy a cake of their choice as well as a \$25 gift card to Target to purchase a gift of their choice, these backpacks will start their school year off right!

## UPCOMING CHARITY OPPORTUNITIES:

### Beach Cleanup at Lowdermilk Beach, October 23<sup>rd</sup> 8:30a – 10a

Help us keep our beautiful beaches clean! We will provide the bags, pickers, gloves and water. Stay as little or as long as you would like!

### Holidays Without Hunger (hosted by Meals of Hope) December 18<sup>th</sup>

We are looking to brighten the holidays for local families by participating in a food packing event. This is an annual favorite event for our PFCD Charity Committee and we enjoy knowing that these fortified, vitamin rich meals will be distributed to local families ensuring they have food this holiday season. The goal is to pack a total of 700,000 meals in 2 hours and our PFCD Volunteers are up to the challenge! Meals of Hope is looking for financial donations to help purchase the location rental, meal prep equipment, the purchase of raw ingredients and other items which help make this event such a success every year. If you would like to make a donation, you can come in to PFCD and drop off your check made out to: Meals of Hope by December 5th and we will make sure to get it to Meals of Hope! We are grateful for any amount as it all helps those in need.

### Laces of Love, January 2022

This will be the second year we are working with Laces of Love and look forward to collecting shoes of all sizes for children in need in SWFL!

Keep checking our Facebook page for more updates on how you can be a part of our Charity events!

## Tooth Booth Reviews!

"Excellent on all levels! From the help with the staff with paperwork insurance etc. to the extraction of a wisdom tooth I was terrified about. It was done within minutes and I didn't feel a thing! Highly recommended!" – jfree320.

"My husband and I along with our son moved to Florida 5 years ago. On our priority list was establishing care with a family doctor and a dentist. I found the doctor pretty easily as I work in the medical field. Finding a dentist was trickier. Dental practices seem to have very varied hours of operation, that do not coordinate well with my work schedule 8 to 5 typically Mon. – Friday. We used three dentists in five years, until today. I only wish I had found this dental practice 5 years ago.

All of the staff, from the front office to the nurses, hygienists, and dentists were awesome and super friendly. This dental office is very clean and they answer all questions. I cannot say enough about my positive experience. And there hours are very accommodating. And my hygienist Kim, was amazing. Easy to talk to, gentle in the cleaning process, and friendly.

I believe now that I have finally found a dental practice for years to come." – Wendy K.

## Fourth of July Family Reunion!

July 4, 2021 was a day to remember for the Huynh and Le families! This was the first time both families were able to come together since the Huynh family arrived in the United States on July 2, 1991 and the Le family on December 3, 1991! With over 50 family

members in attendance (some traveling from as far as Atlanta) planning started in early 2021 to ensure housing was secured. Family members were told the dates they would be in Naples and the rest was left as a surprise for their arrival!

Little did these family members know, they would be treated to a day of food, laughs, entertainment, love and memories! Upon their arrival to the office, family members had their individual family portraits taken to commemorate the day. Dr. Huynh-Le hired a chef to prepare Vietnamese vegan cuisine which everyone enjoyed

while watching a slide show of family pictures for reminiscing. During dinner, the children expressed their gratitude in the Vietnamese language (some better than others) and then it was off for the group picture, complete with personalized T-shirts! With the Huynh's in blue and the Le's in red, the family gathered by the water to memorialize this day with a picture. And whether planned or not, the family seemed to outline the shape of the United States (minus Florida).

As the sun set, the entertainment began.

Legendary singer, Huang Lan, travelled from California to perform for the reunion and the family couldn't have been any more surprised (including Dr. Long!) When asked about how special it was for Ms. Lan to perform for her family, Dr. Huynh-Le expressed how she was thrilled to be able to provide this experience for them! "Her music had lifted us up those early days settling as immigrants. I was looking for ideas to surprise everyone, and I was extremely elated to find out that Huang Lan was available and willing to travel. This reaffirmed to me that 'all things are possible with a willing heart.' To this day, I still can't believe I pulled off this special surprise for our family," explained Dr. Huynh-Le.

A simple idea and act of generosity and kindness created an unforgettable memory for the family. When asked what this means to her, Dr. Huynh-Le replied, "I truly believe that we get to where we are today because of the creative mindset. It's most fulfilling when we are able to provide and make things happen for others, especially our parents as their time is limited."

Dr. Huynh-Le will always remember the ambience, the entertainment and watching her family enjoy their time together, as well as reflecting upon how far they have come as a family. "Dr. Long and I would not be where we are today had our parents not made the sacrifice to leave Vietnam 30 years ago. America is the land of opportunity, and we are lucky to call it home. We are the fortunate ones who benefit from the awesome sacrifice our parents made. As a second-generation immigrant, I have always felt the immense responsibility to not only pay back, but to also pay forward. I can't imagine what the next 30 years will look like for all of us."
