

## Charity Corner!

Dr. Mai Huynh-Le and Dr. Long Huynh are always looking for new ways to help the community and *The Help, Hope and Healing* campaign by Neighborhood Health Clinic was a perfect opportunity. In 2018, Park Family & Cosmetic Dentistry took on a Capital Campaign Pledge of \$150,000 over a 4 year period of time. This generous pledge would enable enhancement of programs, services, and facilities so that they can continue to help the uninsured working adults in Collier County.

In August, some of our PFCD Team Members, alongside with Dr. Long and Dr. Huynh-Le, were able to tour the Neighborhood Health Clinic. The gifts made towards the pledge, in the past 3 years, contributed to a fully equipped dental operatory. Additionally, the clinic was able to expand and build an education classroom where they teach their patients how to have a healthier lifestyle. We are delighted to announce that by the end of 2022, PFCD will be fulfilling its pledge!

### Up Coming:

- December: Meals of Hope
- February: Mission of Mercy

## Insurance Update?

Have new Dental Insurance for 2022? Insurance can take hours to verify. To help ensure your 2022 appointments go smoothly, please take a photo of the FRONT and BACK of your new insurance card and email it to [edith@myparkdental.com](mailto:edith@myparkdental.com) or call (239) 263-1151. This advance notice is greatly appreciated and will help us better serve you at your future appointment. Thank you!

## Tooth Booth Reviews

"Really great customer service and lovely staff. I appreciated that my hygienist Victoria made me aware of the level of health of my gums and what things I could do to improve them. I felt like everyone took their time, constantly made sure I was doing okay, and it was just super warm and welcoming environment. Beautiful office as well, I will certainly be back!" -Tatyana Y.

"At Park Family Cosmetic is the best dentistry because you're not only a patient but a family member. The best team and the doctors are amazing. All Hygienists are wonderful but Stephanie is my favorite because always joyful, kind. I've been going there over 15 years. Love you all and big shout out to Dr. Mai & Lung Hung-Le how they treat their staff and patients." -Elizabeth B.

Happy Fall

# Happy Fall

Happy Fall

Serenity Dental Design is PFCD's in-house lab located on the second floor of our building. The name of the lab was created by doing a play on the abbreviation DDS, the title most dentists get when completing their certification. Lance wanted the abbreviation of the lab to be the opposite of DDS so he came up with SDD, Serenity Dental Design. A typical day at the lab starts with Pam getting there early to organize everything and work on the cases from the night before. Then, Lila comes in and starts designing the crowns by using the software to scan and map the margins. Aubrey contributes to the team by creating the models. Lance works on designing the crowns and is always flexible when his professional opinion is needed downstairs. Diane, the newest addition to our Team, is currently shadowing Aubrey and absorbing all skills and information needed. Diane states, "I have noticed how much attention to detail is put into each case and that is definitely a good reputation to have, not wanting something to go out if it's not good quality."

Our lab Team is always looking for new ways to better themselves and the service provided. Lance states, "We have been working with new technology to provide custom abutments for implants. You can scan the patient's gum tissue and as a result, the abutment will be catered specifically to that patient's implant and needs. This allows faster integration of the abutment and helps improve food traps." Not only are they using new technology, they are continuing to further their education. Lila is working hard to get her CDT and

AACD accreditations, while Lance is currently in the process of getting his AACD accreditation.

When it comes to patient care, Lance goes above and beyond. He told us about one of his experiences:

"There was one Monday when Dr. Eshra had a patient on the chair that was going to be in a real estate magazine the upcoming Wednesday. Dr. Eshra asked if it would be possible to complete 6 front veneers before the patient's important event. Of course I said yes! I pulled an all-nighter, and the day of the delivery I stayed until the very last veneer was cemented... it was totally worth it!"

When asked about their motivation to do what they do, this is what Aubrey and Lila had to say;

"Something I think is really cool about being part of an in-house lab is the 'Smile Celebrations'. I love seeing the final results on the patient and how happy they are."  
-Aubrey

"Seeing the patients so fulfilled and happy fills me with joy. I am very creative, so it is really nice knowing that I can use that creativity to change a patient's life." -Lila

Our lab Team loves what they do and it shows! Next time you are in need of a quality dental prosthetic, know that you're in great hands.

**ANNUAL PATIENT  
APPRECIATION  
EVENT**

*Save The  
Date!*

October 22, 2022 | 4:30 PM  
690 Goodlette-Frank Rd N  
Naples, FL 34102
